

Hello!

My name is Morgan, I'm your new language learning assistant at the Escola d' Idiomas at Teresianas Ganduxer .

I come from the very small island of Sark! It's between England and France.

On Sark we don't have any cars or motorbikes, only bicycles or horse and carriage are allowed. The island is so small, only 600 people live there!

I studied Business, Economics and English Literature at the Grammar School in Guernsey.

I really like to be in the water, so my favorite activities are swimming, SCUBA and Freediving . I also like to hike and I travel a lot, especially by motorbike.
